The accompanying papers relate to certain proposals made by the Chief Commandant, Mysore State Troops, in connection with the mobilisation of the Imperial Service Transport Corps for active service.

2. In view of the urgency of the occasion, the proposals were considered at a meeting at which Col. Desraj Urs, the Financial Secretary and myself were present and the following decisions were arrived at : -

(1) That the members of the Imperial Service Transport Corps proceeding to the front be granted field service allowances amounting to Rs.3560½ per mensem in accordance with the scale proposed by the Chief Commandant, and that these allowances be sanctioned for three months at a time ;

(2) That Mr. S.L.Achar, Veterinarian of the Local Service Regiment, may accompany the Corps, in lieu of Mr. Swami Rao whom the Chief Commandant is unable to spare, and that he be given a pay of Rs.80 per mensem and the usual field service allowance while thus employed ;

(3) that the advances to be granted to the members of the Corps in this connection be limited to three months- pay and recovered in 12 instalments commencing from the month following the departure of the Corps to the front ;

(4) that such of the Non-commissioned officers and men of the Corps as are detailed for Field Service be granted good conduct pay in accordance with the scale suggested by the Chief Commandant in his

As the Imperial Service Lancers also were given only 3 months' pay as an advance, prior to their departure to the field, I do not see why the Transport Corps should be given 6 months' pay in advance. But as the Chief Commandant has pointed out in his D.O. letter No.2526 dated 14th September 1916 that the Transport Corps drivers who went to Egypt with the Lancers were given by the late Col. A.A. Jones an advance of both their pay and field allowances, the Transport Corps men now going to the field may be given likewise. This will practically be granting them an advance of about 4½ months' pay.

(10) It is understood that the men pray for an advance of six months' pay, with a view to clear their debts. During the period they are on active service, no cases against them will be tried by any civil court The Chief Commandant may be requested to explain to the men this ordinance. When this is done, the men may perhaps be satisfied with an advance of 3 months' pay.

15.9.16.

(11) Since noting the above, the Chief Commandant's D.O. of this date, stating that an advance of three months' pay will quite do and that he will make an official representation about it, has been received. This may be awaited.

when preparations and field service allowance are given, it is not clear how recovery of one fourth of the pay will be too hard. But as the order however only extends the period of repayment to may perhaps be agreed to. 18/9.
